

How should HUD dollars be used in Montana for housing and community development needs? Let us know what you think via the Montana Housing and Community Needs Survey.

The Montana Departments of Commerce and Public Health and Human Services invite you to participate in the 2024 Montana Housing and Community Needs Survey. Responses will be used to develop Montana's 2025-2029 Consolidated Plan for Housing and Community Development.

The State of Montana, through the Departments of Commerce and Public Health and Human Services, is developing a 5-year plan to guide policy and investment for housing, economic, and other community development projects. This 5-year plan, also known as the "Consolidated Plan for Housing and Community Development" is required by the U.S. Department of Housing and Urban Development (HUD) to assess Montana's needs and current conditions, as well as to determine priorities and allocate HUD funding for the Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Housing Trust Fund (HTF), and Emergency Solutions Grant (ESG).

The survey will be open through Tuesday, April 30, 2024.
